**REPORT ON THE STATUS OF THE BUSINESS RESCUE PROCEEDINGS OF CONSOLIDATED  
INFRASTRUCTURE GROUP LIMITED (IN BUSINESS RESCUE) ("COMPANY" or "CIG")**

1. In accordance with section 132(3)(a) and section 132(3)(b) of the Companies Act 71 of 2008, as amended ("**Act**") when the business rescue proceedings of a company have not concluded within 3 months of the date on which they started, a business rescue practitioner is required to–
  - 1.1. prepare a report on the progress of the business rescue, and update it at the end of each month until the end of the business rescue proceedings; and
  - 1.2. deliver the report and each update to each affected person and to the Companies and Intellectual Property Commission ("**CIPC**").
2. Accordingly, we hereby provide you with the May 2022 report on the status of the Company's business rescue proceedings.
3. Capitalised words not otherwise defined in this notice shall have the meaning ascribed to them in the Plan.
4. Affected Persons are hereby updated on the following matters which remain relevant since the publication and distribution of the March 2022 status update report:
  - 4.1. **Closure and de-registration of legal entities locally and internationally:**
    - 4.1.1. A significant project has been undertaken to clean up the Group structure and bring relevant financial statements and regulatory filings up to date. At the commencement of Business Rescue, there were **79 companies in the group** (50

international, 29 local). Currently, **34 companies remain** (21 international, 13 local). The detailed project to bring financial statements up to date, regulatory filings up to date, and to affect the closure/deregistration of all the relevant entities, is ongoing

#### 4.2. **Asset and Business Sales**

Negotiations regarding potential sales processes related to assets and businesses of the Company, which are available to realise potential value for the Company's Affected Persons, are ongoing. As the Company has delisted, updates with regards to the sale processes shall be included in these monthly reports.

##### Sale of Major Assets:

4.2.1. Conlog: A comprehensive sale process was undertaken for the sale of Conlog. The sale process was hampered and ultimately terminated due to the lengthy COVID-19 lockdowns in South Africa as well as the unrest, particularly in Durban where Conlog keeps its primary manufacturing facility and head office. As a result, the originally envisaged transaction has been terminated. The Business Rescue team continues to provide Conlog with the support that it requires, to deliver on its performance and valuation expectations, while engaging with the relevant stakeholders to ensure alignment, in an effort to maximise returns from the asset. An accelerated sale process is currently underway to determine if Conlog can be sold at a reasonable value within a short timeframe. As part of this process, the corporate advisors to CIG have commenced negotiations with a number of potential bidders with regard to a potential sale. CIG seeks to complete the accelerated sale process in its entirety before the end of December 2022.

4.2.2. AES: The sale process of AES has now completed with all sale proceeds in relation thereto having been received.

4.2.3. CBM: The sale process of CBM has now complete with all sale proceeds in relation thereto having been received.

##### Sale of Smaller Assets:

4.2.4. CIGenCo: As previously disclosed, the sale proceeds for the sale of the Ejuva assets (CIGenCo SA) have been received in full. There remains an element of deferred consideration in relation to the CIGenCo Mauritius business, which is in the process of being collected. The timing and quantum thereof is uncertain as these are dependent on uncertain future events.

4.2.5. Consolidated Power Projects Energy Solutions ("CONCO ES") – as previously disclosed, the sale process of the Company's wholly owned subsidiary, CONCO ES, to DLO Energy Solutions Proprietary Limited ("**DLO ES**") has been concluded. Eskom Holdings SOC Limited Group ("**Eskom**") has approved the ceding of the projects from Consolidated Power Projects Proprietary Limited (in business rescue) ("**CPP**") to DLO ES which was last outstanding matter to be resolved in completing the transaction.

4.3. Contingent liabilities – Of the total financial guarantees outstanding as at the commencement of the Consolidated Power Projects (Pty) Ltd ("**Conco**") business rescue, which are in turn guaranteed by the Company, **46%** have been **returned to the guarantee providers** (by way of reduction, cancellation or expiry) and **25% have been called** (i.e. now recognised as creditor claims in the Company). Thus, **29% of Conco guarantees remain outstanding** as of 31 May 2022.
